The *East Amwell Education Foundation* is an organization whose mission is to strengthen, foster and support the expansion of educational opportunities for East Amwell community residents. Founded in 1997, we are an independent, tax-exempt organization - we are not affiliated with the School System or the Township Governing body. We promote education through various programs that include presentations, seminars, trips and grants. Our programs cover Science & Technology, Culture, Fine & Performing Arts, and Language Research. To date, the foundation has awarded more than \$60,000 in grants. We obtain our funding through member contributions and various fund raising events.

The Foundation has sponsored archeological digs where East Amwell students uncovered buried artifacts at some of the township's historic sites. We also sponsor the "Read Across America" program at the school, and funding for storytellers for students in pre-K to 3rd grade. In addition, we have provided lectures on various historic and cultural topics. We have also sponsored tours to various historic and cultural destinations including Gettysburg, Annapolis, Philadelphia, West Point, the Statue of Liberty & Ellis Island, and Broadway shows.

The East Amwell Education Foundation would like your input on which type of programs would benefit you and your family. Please complete the brief survey below and return it to:

East Amwell Education Foundation
